

IIQA Clarification

Previous Clarifications

Responded Date : 12/04/2021

Subject: IIQA Clarification

Remark by NAAC: 1) The subject Environmental Studies is not mentioned in IIQA. 2) In the AISHE certificate the college name is given as Mahavidyalaya but in IIQA and other documents it is Government Rani Durgawati College.

The answer to the queries sent by you is as follows - 1. Environment is not a compulsory subject, for this reason we have not displayed it in the IIQA form in this way, we have also improved the self declaration form. 2. In AISHE , we have named the name of college as per the rest of the documents, which you can check on the online AISHE portal, but currently its certificate with the changed name is not available.
